**DETAILED ACTION**

***Allowable Subject Matter***

Claims 3-32 are allowed.

The following is an examiner's statement of reasons for allowance: The claims are allowable because the prior art does not teach or suggest a recording medium having a phase change recording layer where the phase change material is either a quasi-ternary alloy comprising Ge-Te, Bi2Te3, and M2Te3 where M is In or Ga, or the phase change material is a quasi-quaternary alloy comprising Sn-Te, Ge-Te, Bi2Te3 and M2Te3 where M is Ga or In. The closest prior art, of record, shows phase change materials which may comprise the claimed elements but they do not disclose the inclusion of an indium or gallium telluride, i.e. the prior art does not disclose the phase change material of the claimed formula.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth E. Mulvaney whose telephone number is 571-272-1527. The examiner can normally be reached on Monday-Friday 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Ruthkosky can be reached on 571-272-1291. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
